We are proud to announce our first ever virtual museum for the Township of Ocean. Our goal is to provide our students with an opportunity to capture their place in history during this unique moment in time.

“Spartans at Home: The 2020 Experience” will host an array of artifacts that document students’ experiences and perceptions both as individuals and as members of our Spartan community.

Please consider participating by opening the theme links below and submitting an artifact. Our curation team will be collecting artifacts through July of 2020.
