

SCHOOL BUSINESS ADMINISTRATOR

September 26, 2013

#### All Employees:

Under the Affordable Care Act (ACA) (also known as federal healthcare reform), the Township of Ocean Board of Education as your employer, is required by the U.S. Department of Labor to provide you with the enclosed notice of "New Health Insurance Marketplace Coverage and Your Coverage Options".

You can obtain the contact information for the state insurance marketplace, at <u>www.healthcare.gov</u> beginning on October 1, 2013.

As you read the enclosed federally required notice, keep in mind that under the ACA, any employee who has access to affordable coverage (as the law defines it) is not eligible for subsidized coverage through a state health insurance exchange (marketplace). All employees covered by the Township of Ocean Board of Education are considered to have affordable coverage under the law and so do not qualify for subsidized coverage through the health care marketplace. In addition, if an employee chooses to opt out of the employer sponsored coverage to join the health insurance marketplace, the employee may forfeit any contribution made by the Township of Ocean Board of Education toward your current health coverage.

If you have general questions about healthcare reform or the operation of your state health insurance exchange marketplace, I encourage you to check the resources at <a href="https://www.healthcare.gov">www.healthcare.gov</a>.

Sincerely,

KENNETH JANNARONE School Board Administrator/

**Board Secretary**

# New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved OMB No. 1210-0149 (expires 11-30-2013)

### **PART A: General Information**

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

#### What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

#### Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

#### Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost—sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.<sup>1</sup>

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution —as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an aftertax basis.

#### How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

## PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.
